

No Such Love

Don Henry / Carol Ann Etheridge

Little Cinderella, waitin' on a prince
Always runnin' after that happy ever after that dosen't exist
Phony fairytales, bouncin' in your head
If you're plannin' on perfect then don't hold you breath...'cause

CHORUS

There's no such love
There ain't no such love
You're all alone in your Cinderella Syndrome
(You can hope and pray, you can wish away)
But there's no such love

She finally found a fella, the ultimate man
She had everything at her fingertips but not a thing in the palm of
her hand
He was just a dull Romeo so she quit
'Cause that glass slipper just didn't fit
(chorus)

BRIDGE

Real love's not a rhyme from a poets lips
Real love's human, real love sometimes forgets

So if you're in a romance under a spell
Don't count your ponies til the clock strikes twelve...'cause
(chorus)
